## *All teachers of Languages (F-10) across Australia are invited to participate in the AFMLTA **Ready? Set? Go!** Australian Curriculum: Languages (AC:L) Professional Learning Program*

This one-day workshop will:

- ❖ promote and support a national conversation around the AC:L
- ❖ stimulate thinking about and opportunities to engage with the curriculum materials
- ❖ provide teachers with a balance of theory and practice through language specific exemplification
- ❖ support teachers in beginning to trial the curriculum in classrooms around Australia
- ❖ link with the AFMLTA and AITSL Professional Standards and provide a certificate identifying standards addressed

The program includes three interactive modules, based on the shape and design of the AC:L, and working with the language specific curricula across the pathways.

The one day workshop will be followed by online collaboration amongst program participants to provide teachers with opportunities to liaise with colleagues across the country, and to share teaching approaches and resources to support implementation of the curriculum.
