

CAVALLO CAPERS

Quality Educational Resources for Italian

Nadia Cavallo has been a Primary Teacher of Italian for over 25 years. Since a journey to Italy with her puppet Pinocchio Nadia has more recently become an 'accidental author', creating resources which were lacking in her own classroom and has made a difference in classes Australia wide.

An Italian Adventure and *An Italian Christmas Adventure* have been extremely popular in classrooms, showing through film and photos the places which for so long Nadia had shown her students through books. Add a little mischief from Pinocchio and you have a great resource.

- The DVD is approximately 1 hour of footage from around Italy.
- The Resource Book which accompanies the DVDs enhance your teaching. It includes the words to all songs, colouring activities, art and drama activities, quizzes, in fact everything you need at your fingertips.

Being a musician and singer, Nadia has published *Buongiorno Signora Vol 1* and *Buongiorno Signora Vol 2*. Both these packs include:

- a CD complete with 13 of Nadia's original upbeat songs and 13 karaoke tracks helping teachers to teach Italian through song and dance.
- an A3 beautifully coloured poster book with words to each song
- a Teachers Resource Book filled with worksheets and colouring activities to compliment each song.

All these packs are suitable for Kindergartens, Primary and Lower Secondary. Her school incursions are very popular, based on songs from her CD's and DVD's.

Workshops are available for teachers on the topic 'ENGAGING STUDENTS THROUGH SONG AND DANCE'.
