

## International Conference on Community/Heritage Languages Education

This conference is organised by the **Sydney Institute for Community Languages Education (SICLE)**. It features international guest speakers, renowned Australian researchers and experienced classroom practitioners, and focuses on exploring community/heritage languages education and its key role in maintaining and developing intergenerational linguistic and cultural understandings.

### There will be two workshop strands:

- latest research into community/heritage languages education
- effective and quality classroom practice

### A call for papers/presentations/workshops

We welcome papers (presentations), symposia and posters on topics such as:

- maintenance and revitalisation
- intergenerational transmission
- community languages at early childhood/primary/elementary, secondary and/or tertiary levels
- heritage/complementary/community languages schools
- Indigenous/ minority languages
- languages and identities
- languages policies and planning
- languages assessment
- media representations
- effective and engaging strategies for the Languages classroom ( primary and/or secondary)
- innovative programming approaches for Languages
- engaging resources (ICT, texts, games, songs etc.)
- other related topics
