The "Certificate of Attainment in Greek" Website as a Useful Resource of Educational Material

Ms Eleni Papagiannopoulou, Primary School Teacher of Greek; Greek Education Office of Australia and N. Z., Melbourne, Australia

The Certificate of Attainment in Greek is the only national, officially recognised certificate that confirms the knowledge of Greek as a foreign/second language at 6 levels, starting from A1 for children 8-12 years old to C2 for adults. It offers a valid and professional assessment of one's knowledge of Greek, and strengthens the teaching of the Greek language in Australia, while maintaining ties with Greece. Regardless of one's participation or not in the annual examinations, the website for the Certificate of Attainment in Greek by the Center for the Greek Language is a well-structured source of educational material for every level, which is constantly renewed, created by scientific associates and is based on the Common European Framework of Reference for Languages.

Eleni Papagiannopoulou is a Primary School Teacher seconded to Australia from the Greek Ministry of Education for the purpose of teaching the Greek language. Ms Papagiannopoulou is currently the Sydney Coordinator for the Certificate of Attainment in Greek 2018. She holds an MA in Orthodox Theology Studies from the Hellenic Open University in Greece, a Bachelor Degree from the Department of Theology, National and Kapodistrian University of Athens and a Bachelor Degree (four years studies) from the Department of Primary Education, National and Kapodistrian University of Athens in Greece.
